Reports

- To help our chamber members keep track of their members' participation in these programs, chamber boundaries and/or postal codes are used to determine the program participant's assignment - participants are assigned a CC member number. If we couldn't determine to which chamber a company belonged, we marked the company as "unknown" - we will need your help in determining these companies' rightful owners.
- **Click [here](#) to get your Canadian Chamber of Commerce (CCC) member number.** (If you are not a member of the CCC please look under "unknown")

- The files contain filters that you can use to view your list and the lists of neighbouring chambers to verify the participants' assignments. Please contact [Jennifer Hagen](#) if a correction is needed.
 - If you notice a non-member on your list, please verify the company's membership with neighbouring chambers. **The CCC asks that you confirm the company's non-member status before requesting its removal from the program.** This prevents members in good standing of a chamber from being hassled about their membership status and from losing their member benefits.
 - If you notice lapsed members on your list, use these programs as the hook to get them back - in many cases, the cost of a company's membership is repaid in the amount of money it saves through these programs.
 - To remove a lapsed member, please email your request to the program's representative. Please ensure that you include the company's name and address.
 - TD: Tina Da Silva - TD.Associations@td.com
 - **Please note** that it is possible that not all requests for removals from last quarter's reports have been processed in time for this quarter's reports.
 - If you have any questions regarding these programs, please contact Amelia Vine at avine@bchamber.org or at 604-638-8116.
